

Sabb Ahmed

TECH ENTHUSIAST

(+966) 598914490 | sasasa6697@gmail.com | <https://github.com/Dev-L66>

Enthusiastic and self-motivated tech enthusiast with foundational knowledge in hardware, software concepts. Quick to grasp new technologies, tools, and methodologies with a natural ability to troubleshoot and solve issues efficiently. Excellent communicator and collaborator, organized in managing support requests or projects, and committed to continuous learning and adaptability in fast-paced environments.

Actively seeking an **entry-level IT Support** or **junior developer** role to apply technical knowledge, grow professionally, and contribute to impactful technology solutions. Also passionate about creating user-friendly, responsive websites using the **MERN stack (MongoDB, Express, React, Node.js)**.

EDUCATION

- **Arab Open University**
Bachelor of Science (B.Sc.) in Information Technology
- *Al-Wurood International School High School*

TECHNICAL SKILLS

HTML5, CSS3	Tailwind CSS, Daisy UI	Postman
JavaScript	Express	GitHub
Express	MongoDB	Figma
React	Nodejs	MS Office (Word, PPT)

PROJECTS

- **IT Support** - Provided informal IT support within my personal network by assisting them with software installations and troubleshooting. Successfully installed and configured Windows operating systems and Microsoft Office suites on multiple personal computers, ensuring smooth operation and user satisfaction.
- **Amazon Invoice PDF Extractor (Text, Tables, Barcodes)** - Developed a Python automation tool to extract data from Amazon invoice PDFs using pdfplumber, with OCR fallback via pytesseract, and barcode decoding via pyzbar.

- **Developed a mini social media app** - using React, Node.js, Express, and MongoDB with user authentication via cookies. Enabled users to create/delete posts, like, comment, follow, unfollow and customize profile & cover images. Styled using **Tailwind CSS** with **DaisyUI**, and optimized data fetching with **TanStack Query**.
